**INTERESTED IN A FUN SUMMER JOB?**

The University of Arkansas Community College at Hope is proud to offer KIDS’ COLLEGE 2015. KIDS’ COLLEGE is a summer academic enrichment program for children entering into 1st – 6th grades. Our goal is to offer children and their families a positive first experience with UACCH through a stimulating and fun program of non-graded courses.

Three weekly sessions will be available:

- **The first session** will be June 8-11 with the 1st and 2nd graders having three 70-min classes from 8am to noon, and the 3rd and 4th graders having three 70-min classes from 1pm to 5pm.
- **The second session** will be held on June 15-18 with the 1st and 2nd graders having three 70-min classes from 8am to noon, and the 3rd and 4th graders having three 70-min classes from 1pm to 5pm.
- **The third session** will be June 22-25 for those who will be entering 5th and 6th grades.

These students will choose to attend mornings only (8-12); attend afternoons only (1-5); or attend all day (8am to 5pm). Those attending all day will bring their lunches. 5th and 6th graders will also have three 70-min classes in the mornings and three 70-min classes in the afternoons.

All age groups will participate in fun activities during breaks between classes.

We have many of our past instructors returning from previous years with new and exciting curriculums. We currently have a limited number of teaching opportunities still available. If you are a teacher with creative and entertaining ideas for a class, we would like to hear from you soon. Please complete the attached proposal detailing each class you would like to teach. We would like to have fun classes and learning activities that will be academically enriching, yet different than “regular school.” Exciting hands-on activities are vital to our program. **Proposals, UACCH applications, and background checks should be submitted to Nancy Kenworthy by noon on January 8, 2015, as panel interviews will be scheduled soon thereafter. Mailed materials must be postmarked by January 8.**
